PROFILE SUMMARY

Aspiring Front-End Developer with hands on experience in building responsive, user-friendly web applications using modern technologies like HTML5, CSS, JavaScript, React.js and Redux. Passionate about creating seamless user experiences and writing clean, efficient code. Looking to leverage technical and problem-solving skills to contribute to a dynamic development team in the web or software development field.

PROJECTS:

1. Food Delivery Application [Link](#)

Technologies Used: React, React Redux, Bootstrap, JavaScript, HTML, CSS

- Developed a **Food Delivery Application** with a user-friendly interface, enabling customers to order food quickly and easily.
- Implemented **Redux for state management**, ensuring efficient data handling across components.
- Added a **restaurant filtering feature** to sort restaurants based on food categories like **Veg, Non-Veg, and Desserts**.
- Built a **Login/Sign-up authentication system** for secure user access.
- Integrated an **Add to Cart system** with complete cart functionality, allowing users to manage their selected food items.
- Developed a **checkout system**, providing a seamless order completion experience.

2. Weather Forecast Application [Link](#)

Technologies Used: React, JavaScript, API Integration, HTML, CSS, Bootstrap

- Developed a **Weather Application** that allows users to search for real-time weather data of any location worldwide.
- Integrated a **weather API** to fetch and display **current weather conditions** such as temperature, humidity, wind speed, and weather description.
- Implemented a **5-day weather forecast feature**, providing users with future weather predictions.
- Designed a **search functionality**, enabling users to easily find weather details for any city or country.
- Created a **responsive and interactive UI** using Bootstrap for a seamless user experience.

SKILLS

Front-End Technologies: Redux, JavaScript (ES6+), React.js, HTML5, CSS3, Bootstrap,

Debugging & Optimization: Chrome Dev Tools, Redux Dev Tool

Version Control: GitHub

Development Tools: Visual Studio Code

Responsive Design & UI/UX: CSS Flexbox, CSS Grid

EDUCATION

Bachelor of technology(B.Tech) Feb - 2023

N.B.K.R Institute of science and technology
